Patents Showing: View as: Patents 1 - 10 on detecting when a legacy media periphc

[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)
[\[APPLICATION\] Secure legacy media peripheral association with authentication in a media ...](#)

US Pat. 10675366 - Filed Sep 30, 2003

[0089] The **media peripheral** 921 may include a TV (television), a PC (**personal computer**), and **media** players (eg, a CD player, a DVD player, a tape player, ...

[\[APPLICATION\] Secure media peripheral association in a media exchange network](#)

US Pat. 10675652 - Filed Sep 30, 2003

The method for secure access and communication of information may include the step of **detecting** when a non-**legacy media peripheral** is connected to a PC ...

[Multi-match detection circuit for use with content-addressable memories](#)

US Pat. 6707694 - Filed Jul 2, 2002 - Micron Technology, Inc.

In a **personal computer**, for example, the special purpose port might be the Accelerated ... The **legacy** device interface 620 is used to couple **legacy** devices

[System for configuring a computer system](#)

US Pat. 5748980 - Filed Dec 13, 1994 - Microsoft Corporation

Logical a **personal computer**. In similar fashion, for the preferred configuration data is ... This is the method by which **legacy** merator 150 forms a device ...

[Low power buffer implementation](#)

US Pat. 6816994 - Filed Jun 21, 2002 - Micron Technology, Inc.

The **legacy** device interface 720 is used to delay logic 616. ... In such a case, the delay a **personal computer** or a workstation, it should be recog- is not ...

[High density dynamic ternary-CAM memory architecture](#)

US Pat. 6744654 - Filed Aug 21, 2002 - Micron Technology, Inc.

In a **personal computer**, for example, the special purpose port might be the Accelerated ... The **legacy** device interface 520 is used to couple **legacy** devices

[System for allocating the resources of a computer system](#)

US Pat. 5793979 - Filed Jun 7, 1995 - Microsoft Corporation

These events include changes to the state of power device 20 **connected** to the ... Logical a **personal computer**. In similar fashion, for the preferred ...

[Color management system that supports legacy and advanced color management ...](#)

US Pat. 7068284 - Filed Nov 10, 2003 - Microsoft Corporation

By way of example, and not limitation, **computer** readable **media** may comprise **computer** storage ... The remote **computer** may be a **personal computer**, a server,

[Writing to and reading from a RAM or a CAM using current drivers and current ...](#)

US Pat. 6678196 - Filed Jul 3, 2002 - Micron Technology, Inc.

In a **personal computer**, for example, the special purpose port might be the Accelerated ... The **legacy** device interface 920 is used to couple **legacy** devices

[Dual-sided capacitor](#)

US Pat. 6670210 - Filed Aug 22, 2002 - Micron Technology, Inc.
